

Programme

Networking event and information seminar Sri Lanka

Renewable Energy Technologies with focus on bioenergy, waste-to-energy and system integration

Mai 7th, 2019, 9:00-15:00 h,

Location: Literaturhaus, Breitscheidstraße 4, 70174 Stuttgart

Moderation: Baden-Württemberg International

Programme, Status: 04.04.2019	
8:30 – 9:00	Registration
9:00 – 9:15	- Welcome greetings - Presentation of the German Energy Solutions Initiative Baden-Württemberg International
9:15 – 9:20	Welcome greetings Lucy Schulze, Delegation of German Industry and Commerce in Sri Lanka (AHK Sri Lanka)
9:20 – 9:45	Short introduction of Sri Lankan delegates and German participants
9:45 – 10:15	Renewable Energies focussed on Bioenergy, Waste-to-Energy and System Integration in Germany - Political/legal framework conditions and promotional programmes in Germany Dr. Georg Wagener-Lohse, Senior Energy Consultant, FEE – Fördergesellschaft Erneuerbare Energien (Berlin)
10:15 – 10:30	Coffee Break / Networking
10:30 – 11:00	Biogas Production - a successful model for German farmers Dr. Hans Oechsner, Head of State Institute for Agricultural Engineering and Bioenergy, University Hohenheim
11:00 – 11:30	Presentation on Waste-to-Energy in Germany Peter Dihlmann, Baden-Württemberg Ministry of the Environment, (Stuttgart) Climate Protection and the Energy Sector
11:30 – 12:00	Energy Storage and Best Practice in Germany Helena Teschner, BVS German Energy Storage Association

Facilitator

Baden-Württemberg International

12:00 – 12:30	C/sells - Energy System of the Future in the Southern German Solar Arc Christian Schneider, Senior Researcher C/sells-Participation Team Smart Grids-Plattform Baden-Württemberg e.V.
12:30 – 13:15	2 company presentations 1. Presentation on RDF -production from domestic waste for developing and emerging countries Best practice: Commissioning of the plant in Indonesia Jan Gressmann, Geschäftsbereich biologische Systeme Business unit Biological Waste Treatment Systems Eggersmann Anlagenbau Concept GmbH, Bad Oeynhausen 2. Electricity from Agro-Waste and other Renewable Energy to Provide Base Load and Peak Power Dr. Matthias Eichelbrönnner, Managing Director, E.Quadrat GmbH & Co. Energy Experts KG, Mannheim
13:15 – 13:45	Q&A, discussion
13:40 – 15:00	Lunchbuffet / Networking
