SUBJECT **BETD-Networking Event of the Federal Ministry for Economic Affairs and Energy**

Dear Madam or Sir,

Thank you for your interest in participating at our networking event by registering on the BETD-website. I am delighted to invite you

**on 8 April 2019, at 6 pm**  
**at the Federal Ministry for Economic Affairs and Energy**  
**Entrance: Invalidenstraße 48, 10115 Berlin**

This networking event gives you the opportunity to get in touch and exchange with German companies offering smart and sustainable energy solutions. In order to facilitate networking, selected participants of the Berlin Energy Transition Dialogue from various countries have the opportunity to pitch about the energy solutions their country requires to accelerate the energy transition.

STREET ADDRESS Scharnhorststraße 34 - 37  
10115 Berlin  
U6 UNDERGROUND LINE Station: Naturkundemuseum  
S-BAHN SURFACE LINE Berlin Hauptbahnhof  
Tram Invalidenpark

Page 2 / 2 During the event a buffet and refreshments will be served.

Please register until **01 April 2019** by mail to [office@german-energy-solutions.de](mailto:office@german-energy-solutions.de) with your full name, country and institution. In case you are interested in doing a two-minute pitch, please fill out the attached form.

Yours sincerely,

Christina Wittek  
(Head of Division)

## **Guiding questions for a pitch**

*In case you are interested in doing a pitch, please answer the following questions:*

### **For country representatives:**

1. What energy solutions and technologies does your country require to achieve the energy transition?

2. With who would you like to exchange?

### **For companies:**

1. In which field of technology would you like to cooperate with German companies?

#### Technology-fields:

##### Energy generation, heating and cooling

- Solar energy
- Bio energy
- Wind energy
- Geothermal energy
- Small-scale hydropower

##### Energy infrastructure

- Solutions for power grids, energy transmission and distribution
- Energy storage solutions
- Heating and cooling networks
- Charging infrastructure for transport

##### Energy efficiency

- in buildings (e.g. heating, cooling and air-conditioning, related energy consumption components)
- in industry and commerce (process heat, cooling technology, energy-efficient production technology)

2. What kind of cooperation partners (companies, institutions etc.) are you looking for?

*Please note, the **speaking time for the pitch is two minutes**. Presentation slides are not required.*
